PROFESSIONAL SUMMARY

Data Analyst & Analytics Engineer with **9+ years** across consultative ERP sales (Omie), business consulting, and analytics. I pinpoint **revenue and retention leakage** with **SQL and Python**, then build the data infrastructure — **pipelines, semantic layers, and AI-powered dashboards** — to capture it. Career path from B2B sales execution to business consulting to data analytics — now focused on diagnosing where **SaaS, Ecommerce, and Fintech firms lose revenue**. I understand what the VP of Sales needs by Monday morning and build the analytics to answer it. **Six Sigma Green Belt**. **Final-round candidate for Data Analyst roles at Epic Games**.

TECHNICAL SKILLS

Data Engineering & Architecture: SQL · Python (Polars, Pandas) · dbt · ELT Pipelines · Git · GitHub Actions

Cloud Platforms: BigQuery/GCP · Databricks

AI Agents & Infrastructure: Claude/Gemini APIs · MCP · LangChain · Scikit-Learn · Langfuse · Claude Code · Google Antigravity · NotebookLM · Obsidian

Automation & Integrations: n8n · API Integration · Python Scripts · ERP & CRM Integration

BI & Reporting: Looker Studio · Tableau · Excel/Google Sheets (Advanced)

Visualization & Frontend: Streamlit · React/NextJS

Domain Expertise: Lean Six Sigma Green Belt · SaaS & E-commerce Unit Economics (CAC, LTV, MRR, Churn, ROAS, CPA)

PORTFOLIO PROJECTS (INDEPENDENT) – *eduardocornelsen.com*

- **Full-Funnel AI Analytics Platform**: Engineered a **29-model dbt pipeline (2.2M+ rows)** with **4 attribution models**. Leveraged **MCP and dbt Semantic Layer** to enable deterministic insights through natural language queries and **15s real-time React dashboards**. Zero vendor lock-in across **5 warehouses and 4 AI clients**. GitHub | Presentation | Live Demo
- **RevOps Lead Engine**: Architected an autonomous B2B pipeline featuring an **AI Copilot** for predictive revenue modeling. Developed **explainable AI (XAI) scoring** and **NDR analytics** to automate SDR workflows and retention tracking. GitHub
- **Product & UX Analytics (Epic Games Ecosystem)**: Built an ML pipeline (**Random Forest, K-Means**) identifying a **-0.133 correlation** between hardware specs and player satisfaction. Applied **NLP (LDA)** to map narrative patterns. Delivered a live **Streamlit dashboard** and roadmap for C-suite decision support. **Final-round candidate for Epic Games Data Analyst role**. GitHub
- **PunkSQL**: Developed a mobile-first SQL learning platform (Next.js + SQLite/WASM + Vercel) — **80 challenges, 8 modules** (SELECT → CTEs), in-browser SQL execution, Google OAuth, XP/levels/achievements. Bilingual **EN/PT-BR**. GitHub | App

PROFESSIONAL EXPERIENCE

TRIPLETEN Remote

Data Science & Analytics Residency (700h+ Training Program) Jul 2025 - Present

Technical residency delivering end-to-end data analytics, machine learning, and AI automation projects.

- **Conversational BI & GenAI (AI Agents)**: Developed **"Chat with Data" agents** using **LangChain and LLMs**, enabling natural language querying across datasets of **170k+ music tracks** (since 1920) and **40k+ automotive models** (since 1908). Link 1 | Link 2
- **Revenue & Churn Analytics (SaaS/Telecom)**: Consolidated **200,000+ records** to model churn patterns. Applied statistical forecasting to identify **retention optimization** opportunities and **LTV drivers**. Link

TORUS ANALYTICS Remote

Business Intelligence & Analytics Lead Jul 2021 - Present

Independent analytics consultancy — built BI reporting, financial analytics, and marketing intelligence for a portfolio of **SMB operations across 4 verticals** (Automotive, Retail/Apparel, Agribusiness, Hospitality) supporting businesses generating up to **R$1M monthly revenue** and managing **R$100K+ in annual media spend**.

- **BI Architecture**: Built **20+ Looker Studio dashboards** integrating **10+ data sources** (CRMs, GA4/GTM, Google/Meta Ads, ecommerce/marketplaces, ERPs, POS, bank feeds) via API integrations into standardized Google Sheets tables. Adopted by executive stakeholders as the **primary operating view across 4 client verticals**.
- **Financial Analytics & P&L**: Developed **10+ financial reporting systems** for cash flow, P&L, and margin analysis. Automated bank reconciliation by ingesting .OFX/.CSV statements — reducing daily manual work from **~2 hours/day to ~10 minutes/day** and enabling near-real-time cash flow + P&L tracking.
- **Marketing & Funnel Analytics**: Managed **R$100K+ in annual media budgets** across 10+ marketplaces and ecommerce platforms. Reconciled ad spend against revenue data, achieving **~20% average CPA reduction** through channel mix optimization.

- **Data Integration**: Designed and maintained **ELT workflows** unifying data across **10+ marketplace/ecommerce platforms** (Shopify, Mercado Livre, OLX, WooCommerce, NuvemShop, WebMotors, FB Marketplace) and **3 ERPs** (Omie, Bling, Tiny) into consolidated analytics layers.
- **Automation**: Automated recurring reporting using **Python scripts, API integrations, and n8n** — eliminating **50+ hours/month** of manual data handling. Built lead routing workflows reducing inbound response times from days to minutes.

OMIE São Paulo, SP · Hybrid

Senior Sales Executive | Consultative SaaS ERP Sales Mar 2019 - May 2021

Brazil's leading cloud ERP and Fintech platform (later raised **$160M Series D in 2025 at $700M+ valuation**).

- Promoted from Junior to Senior Executive in **10 months**. One of **~15 retained from a ~90-person commercial team** during post-COVID restructuring. Contributed to **200+ ERP adoptions** across SMB and enterprise segments.
- **Operational Diagnostics**: Conducted **1,000+ deep-dive diagnostic sessions** with SMB founders and executives using SPIN Selling methodology, mapping operational inefficiencies across CRM, Sales, Inventory, Production, Purchasing, Finance (P&L, cash flow, bank reconciliation), and E-commerce/POS workflows. Client portfolio included enterprise accounts (**Belgo Cercas/ArcelorMittal, Caffeine Army/Supercoffee**).
- **Pipeline Analytics & Forecasting**: Built personal **Looker Studio dashboards** and Excel scoring models — monitoring stage conversion, velocity, and forecast accuracy using Predictable Revenue and Inside Sales frameworks.
- **Cross-Functional Collaboration**: Partnered with Product, Customer Success, and OmieStore teams to translate account insights into strategic feedback supporting platform evolution and retention.
- **Consultative Sales Execution**: Managed full-cycle B2B sales from prospecting through close. Averaged **~10 new client acquisitions per month** across ~2 years, serving SMB through enterprise segments.

MANDALAH CONSCIOUS INNOVATION CONSULTANCY São Paulo, SP · On-site

Business & Data Analyst Intern Apr 2018 - Oct 2018

- **Data Architecture & C-Level Reporting (Gerdau)**: Implemented a global research ecosystem (Qualtrics/Tableau) impacting 4,000+ employees across 7 countries; designed dashboards and delivered C-suite insight reports for executive decision support.
- **Market Intelligence:** Supported research and trend analysis for industry leaders in Retail/Real Estate (Multiplan), Humanitarian sector (UNHCR/UN) and Telecom.
- **Digital Assets & Crypto Strategy (Web3)**: Developed scenario analysis and market repositioning for a pioneer Web3/crypto-asset platform.

B.BLEND (Whirlpool & Ambev Joint Venture) São Paulo, SP · On-site

Business Strategy Consultant (Insper REP Program) Feb 2017 - Jul 2017

- **Root Cause Analysis**: Applied PDCA + Ishikawa and statistical analysis to diagnose conversion funnel friction and prioritize operational fixes.
- **Executive Presentation**: Presented an ROI-oriented recommendation deck to executive stakeholders; earned **Falconi Lean Six Sigma Green Belt**.

ESTUDAR COM VOCÊ (EdTech) São Paulo, SP · On-site

Growth Analyst (Early Team) Jun 2016 - Aug 2016

- **Growth Analytics & Incentives**: Executed early-stage growth initiatives and incentive modeling using student satisfaction data; structured workflows for educator acquisition and community engagement. Company later acquired.
